

HYBRID CUSHION DX

THE DUO PROTECTION UPGRADED

JT LEGEND

AVAILABLE FOR DEVICE

αGEL® Shock Absorption

The exclusive Air Aeroseal™ Technology on the corners embedded with the patented shock absorption αGel which allows an ultimate drop protection on the corners.

Sound ReDirect System

The attentively designed SRD structure around the sound source hole enhances the output of sound quality. No more sound block while holding phones.

Double Strap Holes

The double strap holes on 2 sides of the case allows the placement with neck lanyard or favorite jewelries as desired.

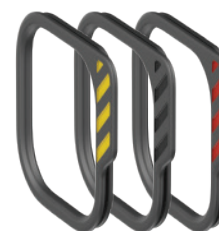

Raised Edges

Raised edges help prevent your phone screen and camera from rubbing against flat surfaces and getting scratched.

Antibacterial Technology

Formulated with antibacterial factor that eliminates 99% of common bacteria, and create a case that protects not only your phone but you.

Shockfin™ Lens Guard

The patented Shockfin™ lens guard protects your iPhone lenses with replaceable raised bezel. 3 color options in each pack for your style of choice.
